## IGORROTES SAY HUNT ROBS THEM

Their Manager Indicted By Memphis Grand Jury.

Dr. Hunt Brought Them to the St. Louis Exposition and Has Exhibited Them Since.

CLAIMS HE IS PERSECUTED.

Memphis, Sept. 5.—Upon the testimony of Felen and Dengay, two full-blooded Igorrotes, members of the band which visited this city last year, indictments charging "Arson" and "Robbery from the person," a felony under the statutes of this state, were returned against Dr. Truman K. Hunt by the Shelby county grand jury Friday morning, August 10, to Judge Moes in the criminal court.

Assistant Attorney-General Kurtz, who immediately applied for requalification papers, directing that they be sent from Nashville to Chicago Ill., where Hunt was arrested yesterday.

The United States government is the prime mover in the criminal prosecution against Dr. Hunt.

The indictments against Dr. Hunt charge him with the larceny of \$28 from Felen, and with feloniously taking \$17 from the person of Dengay. The alleged crime is said to have been committed while the victims were members of the band of Igorrotes which were exhibited in East End park in July, 1905.

Dr. Hunt and his Igorrotes visited Paducah with a carnival company last spring. Dr. Hunt brought the band from the Philippines, where he was working under the commission. He exhibited them at the World's fair in St. Louis and married a Los Angeles girl in the Igorrote village. The romance was the talk of the country.

A year ago he was arrested in New York at the instance of a woman, who said he married her before going to the Philippines, where he married a native woman. Nothing ever came of this charge and Dr. Hunt when he stated these attacks are stirred up by his enemies, jealous because he secured such a valuable concession from the government.

## MADE MILLIONS.

Lost Love and Fortune and Is Dying.

Los Angeles, Sept. 5.—Alexander Belford, once an influential Chicago publisher, and the son-in-law of the junior partner in the Rand-McNally publishing house, is believed to be dying of paralysis at the flood Samaritan hospital. Mr. Belford accumulated more than \$1,000,000 and married a woman whose fortune at this time is estimated to be close to the two million mark. In his later years he permitted both his wealth and his wife's affection to slip away from him and finally was reduced to accepting a clerkship in this city. At 10 o'clock tonight the physicians at the hospital said there was no change in Mr. Belford's condition. They entertained no hope for the man's recovery.

## SCIENTISTS BURNED.

Look Into Crater of Mount Collina and Get Theirs.

Mexico City, Mex., Sept. 5.—With their bodies severely burned by the fires of Mount Collina volcano, four tea adventure delegates to the International congress of geologists which meets in this city this week returned here today. The volcano was pouring forth great volumes of smoke, but this did not deter the explorers from advancing to the very edge of the crater. A hot and sudden blast of fire from the depths below badly scorched the bodies of the men and they beat a hurried retreat.

## DRESS RUINED, SEES RAILROAD

The young woman's dress was worth \$75. She engaged lawyers to sue the Pennsylvania railroad for that amount.

## RURAL CARRIERS IN ASSOCIATION

Meet at City Hall and Organize the State.

Elect Officers and Decide to Meet Again on Thanksgiving Day at Mayfield.

POSTMASTER WELCOMES THEM.

Rural letter carriers of Kentucky met in this city Labor Day and organized a state association, to be affiliated with the national association. They will meet again at Mayfield Thanksgiving Day to perfect the organization, as they can meet on national holidays only.

Officers of the newly formed association are President, J. F. Boyd Bonz, vice president, Edmund L. Francis, Paducah; Secretary, J. W. Whittemore, Melhor treasurer, M. F. Klee, Paducah.

The object of the organization is to promote the amelioration of such conditions as affect all the rural carriers. Postal clerks and many government employees under the civil service have organized, not forming a lobby, but simply acting in concert to secure the betterment of the service and remove any unnecessary hardships from their duties.

H. M. Hoyer, secretary of the executive committee of the National Rural Letter Carriers' association, was present and spoke to the carriers concerning the benefits of the organization, its aims and purposes.

The meeting was called to order by Postmaster F. M. Fisher, who delivered an address of welcome to the visitors and introduced Mr. Hoyer.

THEIR VOTES NOT WANTED.

ALBERT ROGERS IS IN A SERIOUS CONDITION.

GEORGE ALMAN, SHIP CARPENTER, SEPARATES PAIR IN HIS HOME AND BEGINS ATTACK.

ARRESTED WITH HIS WIFE.

WEEING from several serious knife wounds Albert Rogers, formerly a cab driver, ran with his clothes under his arms to seek the protection of policemen to escape the vengeance of George Allman, a ship carpenter, who had but a few moments before caught Rogers in a compromising position with his wife. As a result of the fight Allman was arrested for malice, cutting and his victim is lyingously wounded while his wife is in the city hall with her young child toddling about her feet, pending prosecution for immorality.

LAST night about 10:30 o'clock Allman returned home from a trip to Fulton, where he had gone to secure work on the Illinois Central railroad. He had been employed on the local marine ways, but had not been working of late. He resides at 906 North Eighth street. Mounting the steps he heard his wife's voice, wringing companion that some one was attempting to enter the house.

Allman realized something was wrong, and taking out his knife ripped the screen open and entered the door. He found Rogers lying in bed.

Rushing onto the startled young man he began to slash. Grabbing what few clothes he could, Rogers made for the door but not until several gashes had been inflicted in his side on his arm and his head.

Policeman Courtney Long was to the scene and arrested the woman but Rogers was too seriously wounded to go to the jail. He was attended by City Physician Bass at his home.

This morning a warrant for malice

was sworn out against Allman. On account of Rogers' condition it is impossible to tell what the case will be tried.

On advice of City Physician Bass it was decided that Rogers should be taken to the city jail this afternoon.

His wounds are not so dangerous that moving will endanger the patient. The authorities believe he may try to escape.

Mrs. Allman is still at the city

unable to give bond. She is not in jail, but spent the morning and afternoon in the city court room. She ate dinner in the court room.

NO CANDIDATES.

FOR SCHOOL BOARD AND SOME COUNCIL VACANCIES.

DEMOCRATS MAY CALL OFF PRIMARY AND NOMINATE IN A MASS CONVENTION.

IT IS possible that the primary will be given up by the city Democrats, because of the failure of a sufficient number of candidates for the various offices to announce and at a meeting of the committee tomorrow night, it will be decided whether vacancies will be filled on the ticket, or whether a convention will be called for the purpose of making nominations.

For the seven places in the lower

board of the city council only in

three wards have candidates ap-

peared, while no one seems to care to

# ARMERS' INSTITUTE WILL BE HELD HERE

Commissioner Vreeland Gives Names of Lecturers Furnished By The State.

## SIZES OFFERED FOR BEST PRODUCTS

Paducah will have a state farmers' institute under the direction of the state board of agriculture with some of the most learned men of agriculture in the United States, to lecture to those in attendance. This has been decided on by Commissioner of Agriculture Hubert Vreeland, who announced his plans yesterday to Secretary Coons, of the Commercial club.

The institute is to be the climax of the county institutes being fostered by the department in southwestern Kentucky, and prizes for the best products from many of the counties will be offered by the state.

The sessions will occupy three days the latter part of October, and will be held, probably, in the Kentucky theater. The date will be decided by the Paducah Commercial club and the county Farmers' Institute.

The commissioner said that large delegations will be present from other sections of the state, as agricultural matters always interest farmers of the central country.

Yesterday Secretary Coons, of the Commercial club, spent the day in Frankfort, Ky., in the interest of the citizens of Paducah and McCracken county. On his return he said:

Mr. Beckham and Commissioner Vreeland provided me with documents, appointing Andreas Weissberger, of Vienna, Austria, chief commissioner of immigration, work in connection with the Paducah Commercial club, in the interest of the immigration movement.

Both governor and commissioner excused themselves as being in sympathy with the work the Commercial club is doing on immigration, and the governor stated that he meets to be present at the convention on the fourth and fifth of October unless something unforeseen prevents him. He heartily endorses the Commercial club's immigration work with the caution that the unstable element should be carefully weeded out.

At some time the Commercial has been making efforts to secure the next annual state Farmers' institute. Yesterday Commissioner Coons agreed to give Paducah and McCracken county, a special meeting of the state institute, to be known as general round-up of the institutes for the year's work, at which meeting the commissioner and board of directors will be present.

The following men of national reputation, to handle the subjects assigned to them.

Agriculture—F. D. Coburn, secretary of the state board of agriculture, of Kansas.

Immigration—Commissioner general, F. W. Sargeant, of the department of commerce and labor, Washington, D. C.

Forestry—Gifford W. Pinchot, of the bureau of forestry, of the national department of agriculture.

Labor—Hon. Samuel C. Gompers, head of the federation of labor.

Dr. Syrus G. Hopkins, dean of the Agriculture college, of Illinois.

Good Roads—Samuel C. Lancaster, consulting engineer of the United States department of agriculture.

Corn and Corn Products—Prof. G. Holden, vice dean of the Iowa agricultural station, of Ames, Iowa.

Professor Holden without doubt, the ablest expert on corn and corn products in the United States, and possibly any other country, and to his lectures, and hear him explain in details, the wonders of the production of this great staple is well worth the attendance of a farmer in Kentucky. In fact, every expert mentioned for the various subjects above, stands at the head of his profession and a recognized authority.

As a further favor, Commissioner Vreeland will offer a number of valuable prizes for various products now in southwestern Kentucky.

The date for this meeting will be arranged as soon as the directors of the Farmers' institute and the Commercial club can confer on the matter. Probably, it will be held the first week in October.

Commissioner Vreeland and his associates have pledged large delegations for all the eastern counties, and it remains for the local citizens and the farmers of the county to make this the greatest Farmers' meeting ever held in the United States.

The Southwest Kentucky Farmers'

more familiar with the importance of immigration, and also to put the board in position to co-operate with the Paducah Commercial club and the citizens of Jackson's Purchase.

Governor Beckham said he will be present unless something conflicts.

Secretary of State McChesney also will try to attend.

## TALK IN ENGLAND CHEAP BUT POOR

Some Strange Conditions That Formerly Existed in the Mail Service.

### DOZEN REAR ADMIRALS TO GO

Washington, Sept. 3.—Talk would seem to be cheap in England at present, according to information received at the state department—that is, talk by means of mechanical devices for communication between distant points for the English government finds itself compelled to reduce to a great extent of tolls on the telegraph lines which it runs, in order to compete with the privately-owned telephone. A rather curious condition of affairs exists in England from the same cause, that has left her far behind in electric railways as compared to this country; that is, the municipal ownership craze, since the privately-owned telephone is to a great extent used for the transmission of long distance messages which in this country on account of greater personal convenience are naturally sent by telegraph. The English government, indeed, finds increasing difficulty, according to the reports received here, in competing through its own telegraph lines with the telephone—about the only thing which has not yet come under the control of municipal ownership in King Edward's Isle. But even when tempted by low rates the Englishman doesn't seem to care to take advantage of them, for, according to the latest report of the census bureau Americans use the "phone" and the "wire" many times oftener than do the natives of the mother country. All of which would seem to indicate that John Bull has found his government and city business monopolies more or less of a losing game.

### JUDGE E. W. BAGBY DEFENDS.

Attorney E. W. Bagby, representing the Paducah and Cairo Packet company, returned last night from Cairo, and will prepare to defend the company in five damage suits brought against it by negroes who resented an alleged discrimination in violation of the Illinois statutes.

"Five negroes boarded the Dick Fowler at Cairo August 8," Attorney Bagby remarked. "They wanted to go to Metropolis and were assigned to the upper cabin. They refused to take the berths and left the boat. The suits followed, each asking for \$2,000. The petitions allege that the upper cabin is not as good as the lower and that discrimination was exercised. The upper cabin is even better than the lower one, in many respects."

Judge Bagby will sit about preparing his defense at once.

### Theatrical Notes

There is a very funny line in Tom Walters' new piece, "The Mayor of Langhland," where, after he has been elected mayor, the director of public safety tells him that the population of the town just doubled up in summer time. "You don't say so," says Walters as the mayor. "summer boarders or green apples?"

#### Misdirected Wisdom.

A benevolent old gentleman, brimful of information, saw a rustic sitting on a fence gazing earnestly at telegraph wires. Going up to the countryman, he said:

"Waiting to see a message go 'long 'em?"

The man grinned and said, "Ay."

The benevolent old gentleman got on the wall, and for the next quarter of an hour tried hard to dispel his ignorance.

"Now," said he at last, "as you know something about the matter, I hope you will spread your knowledge among your mates on the farm."

"Where, then, may I ask?"

"But I don't work on a farm," replied the rural citizen.

"Me and my mates are telegraph linemen, and we are testing a new wire."

Wawona, Cal., Sept. 5.—Three miles from Ahwahnee, a Yosemite stage was held up yesterday. Y., lost \$12. He took two snapshots of the robber. Two of the passengers were women. They took the holdup as though it was a part of the trip.

A soldier passenger was asked to get out of the stage. He had a loaded pistol and took aim but was prevented from shooting by his fellow passengers.

### FAVORS THE BLOCK SWITCHES.

Washington, Sept. 5.—Efforts are being made to induce President Roosevelt to submit to the operation of having a cast of his face made in plaster. The matter has been broached to Mrs. Roosevelt by a friend of the family, and the former is said to have replied to the tentative inquiry as to whether the chief executive would be willing to submit to the ordeal in question:

"Why, how long would it take to make the cast?"

"About twenty minutes," replied the friend.

"Then that settles it," returned Mrs. Roosevelt, "no human power could induce my husband to remain still twenty minutes."

Washington, Sept. 5.—The president is preparing to take up in earnest the railroad accident problem. He wants congress to enact a law requiring every railroad that does a passenger business to install the block signal system.

Diamond Brand Shoes

### FIVE BIG FACTORIES.

"I have been trying to get some firm here to put in a line of your shoes, as we have a hard time getting a good shoe in this town. I believe if you will take the master up, you can arrange with Messrs. & Co. to handle 'Diamond Brands.' I have no interest in the master only that I want to buy a good shoe once in a while. You will remember that I handled your shoes when in business in Quanah, and know what they are."

REV. WALTER GRIFFITH,

Could the superiority of Diamond Brand shoes be more convincingly shown? You are just as anxious for good shoes as Rev. Griffith and it is equally worth your while to insist that your dealer supply them. Ask your dealer for Diamond Brand Shoes.

**WHAT IMMIGRATION MEANS.**  
Dearth of labor is the great drawback of the south, felt in every community, retarding every line of enterprise and depriving every property owner in some measure of the just returns of his thrift. It is this fact that has set on foot an investigation into industrial conditions, out of which evolved the immigration movement that has gained such widespread popularity.

This dearth of common labor not only cripples factories in meeting their demands, planter's in harvesting their crops and householders in keeping up their establishments, but it actually interferes with the development of the country to its natural gain in population. It is there that the condition is serious and there is no hope in the outlook by the natural gain in population.

This shortage of labor is used with telling effect by commercial and industrial bodies in other parts of the country to the serious detriment of the progress of the entire south, and as it is well known that there is no surplus of labor in any portion of the south, it is a matter of vital importance to the progress of Paducah and other towns and localities in Jackson's Purchase, that we make every effort to overcome these conditions.

The farmers of Jackson's Purchase have been blessed with bountiful crops, and throughout this section the cry goes up for help. Men and women unused to such labor, have been compelled to assist in the field and in the harvest to protect the immense crops and save them from loss. The factories in Paducah in some instances have found it difficult to secure sufficient labor to operate their plants to the full capacity. Especially is this the case where a large amount of female labor is used. Happily, there is no shortage in Paducah of skilled labor, as all the lines that employ expert labor and mechanics are well supplied.

In the homes of Paducah people, in the hotels and restaurants, it is almost impossible to get reliable help. That this condition affects the progress of the city, we have only to refer to the fact that recently the Paducah Commercial club lost a splendid op-

portunity to locate a large branch factory of the Hamilton-Brown Shoe company, owing to the fact that the representatives of this company feared they could not secure sufficient help in Paducah and surrounding territory to operate their great plant. They would have employed from 800 to 1,200 hands.

Under the circumstances, we can well understand why the citizens of Paducah are enthusiastic over this plan of the Commercial club to bring a large number of desirable immigrants from abroad to settle on our vacant land, to supply labor for our fields, to fill vacant positions in our factories, and to supply servants in the homes of people. It is a movement of vital importance to the citizens of Jackson's Purchase, to the farmers of McCracken county, and to the business men of Paducah, and it is highly gratifying to see the great interest that is being shown by our local people in this work of the Commercial club. We are not alone in this movement. Other cities throughout the south are organizing.

It is not the purpose of the Commercial clubs in Jackson's Purchase to promote a movement that will effect skilled labor in any measure, except the beneficiary by creating more demand for house and construction work. That will greatly benefit the farmers throughout Jackson's Purchase, by the location of a large number of immigrants of the right sort on suitable farms as truck farmers, must be self-evident to every thinking person. These thrifty, intelligent immigrants from abroad, farming on land now unproductive, will add to the material wealth and prosperity of every property owner in southwestern Kentucky.

This movement should appeal not only to the citizens of Paducah, but to every land owner in McCracken county.

The indications are that this movement will meet with large success.

The design of the Paducah Commercial club is to make it a thoroughly popular movement, embracing every interest in Jackson's Purchase, and taking in Cairo and Metropolis, which also would be benefited by the plan of work mapped out.

The convention to be held on October 4 and 5, should be attended by every business man and property owner in Paducah. The attendance from other sections of the Purchase promises to be large, and as a result of this convention, ten thousand people, having property interests in Jackson's Purchase, ought to enroll themselves as members of the immigration bureau of the Paducah Commercial club.

The Commercial clubs, mayors and leading citizens of Kuttawa, Marion, Murray, Benton, Mayfield, Hickman, Milburn and Columbus, should join hands with the Paducah Commercial club in this great effort. The Louisville Commercial club has been invited and it is believed that it will send a strong delegation to co-operate with the progressive people of southwestern Kentucky in this immigration movement.

It is the opportune time for strong, energetic work in the interest of immigration, and the up-building of this end of the state. The success of this movement is of vastly more importance to the business men of Jackson's Purchase than a few days, time in ordinary routine of business. Every individual is urged to constitute himself a delegate to the convention.

Stensland squandered over \$1,000,000 in Chicago real estate and then "lit out" with measly \$1,400. This is meant as no reflection on Chicago real estate, but he would have done better to have deposited the money in escrow and then persuaded the Mexican bandit to kidnap him and hold him for ransom. He is an outcast indeed, with every man's hand against him, while the plums Heeran lies in the Chicago jail with bond heaped on bond until his release is impossible. A few short weeks ago both were in positions of trust, respected, confided in and able to command fortunes for their ventures. Today the meanest felon is the equal of either of them. It is a common saying, that if a man steals enough he can keep out of the penitentiary. Stensland and his partner stole millions, but nothing less than the hand of death itself can save them from a prison cell. It is with just such cases as this that justice should deal swiftly and relentlessly.

This New Party will be satisfied with nothing short of a line of policies totally destructive of existing conditions. With each step of progression taken by either of the Old Parties the New Party takes a stride. It seeks affirmatively to represent the discontents of the time. If Mr. Bryan thought to placate it by touching upon Government Ownership—which is one of his hobbies—he will find himself mistaken; because no sooner will Mr. Bryan appear as the presidential nominee of any responsible body of men than the Independence League will consider him a traitor to the cause of human rights. To go the whole hog or none is alone its motto and requirement, and as Mr. Bryan not only fills the bill, but has a "bar" of his own at his command, nobody need apply.—*Courier-Journal*.

There is something characteristically Johnsonian in the reported non-chalant manner in which the unique mayor of Cleveland, Ohio, delivered himself of those inconsistent remarks, the effect of Bryan's railroad doctrine on his party. His declaration favoring government ownership of railroads said the mayor, "May

STANFORD JEWELS TO BE SOLD

University Trustees to Offer Collection Valued at \$1,000,000.

San Francisco, Cal., Sept. 5.—The world-famous collection of precious stones and jewelry, the property of the late Mrs. Jane Stanford, valued at nearly \$1,000,000, will be sold by the trustees of Leland Stanford university as soon as possible. Part of the collection will be disposed of at private sale, many offers from leading eastern jewelers being already on file. Those unsold will be put up at auction in New York and London. The trustees say their action is merely carrying out the expressed wishes of Mrs. Stanford that the jewels be sold and a library established with the proceeds, the income from which shall be used for the purchase of books.

NO READERS.

One of the "B's" Left Out of Chicago Curriculum.

Chicago, Sept. 5.—The public schools opened here today for the fall and winter term with one of the three "B's" left out. No readers were provided, and the principals of all the schools had received the following order from the board of education. "To Principals: Please advise the pupils of your school not to purchase any text books on reading until further notice." The order is due to a complication which has arisen over the effort to substitute a new series of readers in the schools.

DAVIDSON WINNER.

Milwaukee, Wis., Sept. 5.—Governor Davidson was nominated to head the Republican state ticket, defeating Speaker Lenroot of the last assembly by possibly 24,000 majority. W. D. Connor, of Marshfield, was nominated for lieutenant governor.

For the Democrats, John A. Aylward, of Madison, is leading Ernest Marten of Waukesha, for first place.

An Assistant of Nature.

One of the most interesting things of this day of interesting things is the great success being achieved by osteopathy.

There is hardly a day that some cure which is deserving of attracting much attention, is not made by this new science, and the more it is studied, and the better it is known, the easier it is to see why it is so.

Osteopathy merely aids nature to cure.

It is a system of healing built up on demonstrable facts.

It discovers the cause of disease,

and treats it by scientific manipulations in order to correct disorders and bring about a natural condition.

Nearly all diseases yield to the treatment, and the diseases local to Paducah do so readily.

In rheumatism, liver and bowel,

or stomach troubles, chronic headache, tired-out, run-down conditions, nervousness, has been very marked.

I should like to have you call to discuss your particular case at any time, and not only will I tell you frankly what osteopathy will do for you, but refer you to well-known Paducah people whom it has done much for.

## SURPRISE PARTY IN POLICE COURT

The Prisoner Could Not Remember Being There.

Judge Puryear Prescribes Remedy for Mean Jig and Administers Big Doses.

HOW T. MACK GETS SOBERED

Charles Murphy was a surprised man when brought into police court this morning and enlightened as to his conduct yesterday. He was more surprised when a fine of \$15 and costs was assessed against him, and expressed his intention in strong words of swearing off once and for all.

Murphy was arrested for using obscene language in public and was given a seat on the prisoners' bench yesterday. His case was not docketed and Murphy grew tired of the delay. He wanted to sleep. Judge Puryear was writing a judgment and a pin could be heard if dropped.

"Say, Judge," Murphy shouted, half arising from his seat and pointing an unsteady finger at the bench, "I would like to get you to try my case."

The court room was filled with roar of merriment but soon quieted. The court threatened to send the prisoner down stairs and Murphy's head dropped on his bosom. Afterward Murphy repeated the request, only adding that it would be of great convenience to him, as he needed the sleep.

"No sir, Judge," he declared, "I do not even remember being in the court room yesterday, but shall be more careful in the future."

Puryear Sobering Course.

T. Mack, colored, whose person is about as short as his name, is scheduled for a "Puryear sobering course." The fact was announced in police court this morning, after Police Judge E. H. Puryear had assessed a fine of \$25 and costs against the negro for breach of peace. Attorney L. K. Taylor represented the prisoner.

"I want to say that your client," Mr. Taylor, "is due a sobering course and two more warrants and maybe more will be issued for him tomorrow," said the court.

Monday afternoon Mack boarded a car and began to swear before several young women. He resented all attempts to quiet him and a policeman was called. He resisted the officer and it was necessary to use force in bringing him to the hall. He was fined yesterday for acting in a disorderly manner and another warrant will be issued for resisting an officer and another for a breach of the peace, another development of Monday. This morning he was fined for trying to chop Walter Collier's leg off with an ax several weeks ago.

Other Cases.

Ed Jones, drunks, \$1 and costs; Charles Ripley, using abusive language, dismissed; W. H. Patterson, breach of ordinance, continued; Pat Moore, Ed Sears, J. W. Nelson, breach of the peace, continued; Paul Burgess, disorderly conduct, \$1 and costs; Albert Harris, disorderly conduct, continued; Andrew Cooper, colored, criminal assault, examination waived and held.

Mrs. Lon Charity, charged with disorderly conduct, was granted a continuance until tomorrow.

Even a graceful man looks ridiculous when he attempts to pat himself on the back.

## MRS. MCREADY IS DROWNED.

The river is on a stand here, the gauge registering no change from the stage of yesterday, 10.8. Cloudy weather and business at the wharf fair.

It is evident now that if the Lee line boats had stayed in the Cincinnati-Memphis trade for ten days longer than they did, they would be running yet. With the exception of ten days there has been good water all summer. Word was received last week by Captain Phillips, agent here for that line, that the boats would resume the Ohio river trade immediately, but as nothing further has been heard, it is presumed that the idea was abandoned. If rains come this month, the water will hold up through September.

The Dunbar was being cleared this afternoon, preparatory to leaving this afternoon for Evansville in the Joe Fowler's trade. The wheel on the Joe Fowler has been removed and work on a new one has begun. From the construction of a wheel, the axle or shaft cannot be replaced without demolishing the wood-work and rebuilding.

The Henry Harley will arrive here this week in time to take a negro excursion out of here Sunday to Cairo. The Harley has been in the upper Cumberland river trade.

The Savannah is expected out of the Tennessee river this afternoon on the return trip to St. Louis. The Saltile probably will leave St. Louis for the Tennessee river tonight.

The Russell Lord will leave tonight for the Arkansas river after raising in the county.

## LIVING STATUE BAFFLES DOCTORS

Sits Immoveable and Never Responds to Pitiful Appeals of Her Husband.

### GIRL WHIPS A JUSTICE LANDS IN THE COUNTY JAIL

Toledo, O., Sept. 1.—Mrs. Anna Fuzee "the living statue," was removed today to the State hospital for the insane, like as men dead weight her form was lifted by two deputy sheriffs and carried to a bungy waiting outside. She was pinched upright against the seat and did not move a muscle during the entire ride.

When they reached the hospital the woman was carried into the receiving room, and a number of physicians called for consultation in an effort to ascertain the peculiar form of insanity with which she is suffering.

The case is a pathetic one. She is 26 years old, and until several months ago was a native of Hungary, where she was married. Her husband, not being satisfied with conditions in his native country, came here to seek his fortune, and later sent for his wife. She arrived, but it was soon discovered she was insane. The long journey across the sea, longing for her husband, and a desire for the familiar scenes of her home had unbalanced her mind.

For several weeks she has been growing worse, and now is suffering from a rare kind of dementia, which renders her incapable of moving, eating, speaking or doing anything unless forced.

When the husband called today at the county jail to bid his wife good-by the scene moved the jailers to tears. Despite the pitiful pleading of her husband and his protestations of love the woman stood an immoveable statue and refused to talk.

#### HORSEWHIPPED JUSTICE.

Washington, Sept. 1.—With the own constable looking on, and surrounded by a score or more of friends who urged her on, Lucy Grove, a pretty young woman of Vienna, Va., this morning horsewhipped August Hennin, a justice of the peace of that place. The girl was soon overpowered by Denning, and before the onlookers could interfere in the final scuffle the girl was thrown to the ground. Her left arm was dislocated. The attack was the result of a decision rendered by the court against the young woman last week.

Kansas City, Mo., Sept. 2.—At Arvada, Kan., today a store occupied by Arnold Lieberman, and two dwellings were destroyed as a result of an explosion at first supposed to have been due to leaking natural gas. Two persons were injured. It since developed that the building was not piped for gas and the explosion probably was the result of a dynamite explosion. The police are looking for Lieberman, who has disappeared.

## MADE MORE THAN EXPECTED

Tangler, Sept. 4.—Paul Stensland, the prisoner here, declares he takes much blame for looting the Milwaukee Avenue bank of Chicago, upon himself, but Henry W. Herring, cashier, is the real culprit. He received the larger share of the money stolen from depositors. He sold his preparation for flight were hurried. He took only \$1,400 cash, while he could have taken a million. The stolen mony y was spent in real estate speculation.

Chicago, Sept. 4.—A cablegram to the Tribune announces that Paul O. Stensland, president of the Milwaukee Avenue State bank, was captured in Tangier, Morocco.

Stensland was arrested at 8 o'clock in the morning by a Tribune representative and Assistant State Attorney Harry Olsen, of Chicago, in the English postoffice.

Stensland was betrayed by a woman who left her had not been treated right by him and she went to the Tribune shortly after Stensland's flight with information of the direction he had taken. During the interval between his flight and arrest Stensland had been going under the name of P. Osen, Norway.

It was ascertained that he had deposited \$12,000 in the bank of Tangier. A reward of \$5,000 has been offered for his arrest.

Former Cashier Hering learned early today of the arrest of Stensland and was surprised that Stensland had been taken alive, believing he would commit suicide before permitting capture. Hering said he did not know the woman who is said to have given the information.

A long line of depositors were in front of the Milwaukee Avenue bank when the arrest of Stensland was learned, and greeted with cheers, growths and threats. Later word was received at the state's attorney's office that Stensland would not return with out extradition papers.

Assistant State Attorney Harbord late today received a telegram from the state department saying a cablegram had been sent to the Morocco authorities asking whether they would surrender Stensland, president of the failed Milwaukee Avenue State bank of Chicago, who was arrested at Tangier today.

The necessary steps were taken to secure extradition papers. A petition to Governor Deacon and one to President Roosevelt were included among the papers forwarded to the secretary of state at Springfield. The charge against Stensland is forgery.

## IRVAN IN NEW ENGLAND.

Large Crowds Hear Him at Every Point.

New Haven, Conn., Sept. 1.—The visit of Wm. J. Bryan to Connecticut today must have strongly reminded him of the strenuous days during his presidential campaign for he delivered four addresses, each of considerable length, attended two receptions and was the center of hand-shaking whenever his admirers could reach him. Everywhere he was heartily received although there was an absence of street demonstrations both here and in Bridgeport. His audiences however, at times were wildly enthusiastic, especially at the noon luncheon here.

## STRIKE BREAKERS EXPECTED.

San Francisco, Sept. 1.—The arrival of Farley's strike breakers tonight is expected to agitate the present comparatively calm attitude of both factions in the street railway strike. All efforts to bring about arbitration met with failure.

## Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to very reasonable individuals as radical.

It would be harsh, unmerciful, cruel, yet criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weakness, various dislocations of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the carelessness of rearing a large family, is often the cause of weakness, derangements and debility which are aggravated by the many household cares, which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for women's peculiar weaknesses and debilities, says in his "Prescription"—says that one of the greatest obstacles to the health of the female population is the fact that the poor, over-worked housewife can not get the rest and quietness which would be of great benefit to her, to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, that the housewife, who is compelled to work by reason of her patient's inability to obtain her own work long enough to be cured, will also suffer from the same debility and derangement and revulsion of the uterus or other displacement of the womb-ovary organs. It is very necessary, in addition to taking care of the patient, that the wife should be given quiet, rest and recreation.

Miss Gerniline Gipson won the honor, receiving a total of 778 votes. She was the carpenters' candidate. Miss Edna Hinkey, candidate of the machineists, received \$36. Miss Mattie Love Prince, 302. The latter was the rail road carpenter's candidate.

Miss Gipson, directly after the polling of the vote, was given a fine gold watch. The presentation speech was made at the dancing pavilion in the presence of hundreds, by Chairman Carroll. Miss Gipson resides at 1743 Harrison street and is one of the most popular young women in the city.

Capt. Ed Pearson drew the brass bedstead, drawing No. 711.

The Best Dancers.

At the dance given under the auspices of the Central Labor Union last evening at the Wallace park pavilion, the best waltzers were Miss Hattie Lofton and Mr. William Herbst, of the Plumbers' union. The young lady was awarded a pair of shoes.

## Most Successful.

The Central Labor Union is about \$300 ahead the result of Labor Day. While the figures cannot be definitely determined this is the estimate of those in a position to know.

The sale of Goddess of Labor tickets netted a great deal and gate admission and other sources of revenue swelled the total amount.

I would estimate the net proceeds of our Labor Day celebration at \$300," Mr. George Walters said. "We had a great deal of expense but managed the affair carefully. In the afternoon I judge we had 5,000, and at night fully 8,000. The excursion route to the city drew about 2,000 visitors. It was one of the most successful celebrations we ever had."

Members of the committee of the Central Labor Union, which had charge of the celebration yesterday, are receiving the compliments of friends and the thanks of the union for the manner in which they carried out all the plans. Financially and every other way the event exceeded all former efforts.

## HATE LAW TO RAISE CHARGE.

Buffalo and Buffalo Agree to Increase Price of Switching.

Buffalo, Sept. 1.—The freight switching charge in and around Buffalo is to be increased from \$1.50 to \$2. a car, an interchange business, a result, it is said, of the new federal rate law. The New York Central and the Erie, each of the greater part of the facilities of interchange switching first, and the advance. Then the Lake and Lehigh Valley decided to do the same. The roads that will be affected more than others by the increase of charges are those having terminals at Blackstock, the McLean Central, Webster, Grand Frank and Pere Marquette. They are now paying \$3.50 a car. Under the new rate they will be charged \$5 a car.

## SHERIDAN MAY BE TOTAL LOSS.

Efforts to Pull the Transport From the Rocks Are Abandoned.

Honolulu, Sept. 4.—Efforts to pull the transport Sheridan off the rocks have been abandoned and it is now believed the vessel will be a total loss. The persons aboard the Sheridan spent the night in darkness, the lighting machinery being disabled. It is reported that there is now water in the vessel above the fire-rooms. The transport appears to be pierced and crushed by the rock on which she hangs. Interisland steamers are now removing the cargo from the Sheridan's cold storage and vaults. It is planned to anchor the Sheridan and cable for further assistance.
